## ACTING HEAD OF FAIRFIELD HIGH SCHOOL IS APPOINTED

Richard E. Straup, Fairfield High School principal, Monday evening was named acting supervising principal for the Fairfield Area School District until an administrator is elected to fill the vacancy created by the resignation in June of Harold R. Blair, who has accepted a position in Franklin County.

The appointment followed a recommendation of County Superintendent of Schools M. Francis Coulson after the personnel committee reported that it was not ready to recommend its only applicant for the position.

The board recessed Monday's meeting with instructions to the personnel committee that the meeting will reconvene as soon as additional applicants can be obtained for appearance before the board for interviews.

### INSUFFICIENT TIME

The only applicant at the present time has indicated he will accept the position at a salary of \$8,500, but the committee said members had not had sufficient time to complete their investigation. The only other applicant, former Fairfield supervising principal and currently assistant superintendent of schools, George B. Inskip, withdrew his application 15 minutes before the meeting convened Monday night, "in the interest of the system," a committee member explained.

One of the 20 observers who witnessed the meeting criticized the present administrative policy and urged the board to issue a public statement of board policy with regards to administrative and teacher responsibility in an effort to attract better teachers to the system. He said that the board also should make a statement assuring the new administrator of complete board support, and urged that teacher problems should be directed to the administrator and not to individual board members, who, he urged, should not act in a professional capacity in administrative matters.

President Joseph T. Lowe agreed on the need to reaffirm the duties and responsibilities of (Continued On Page 3)

## 2 TRAVELING REGISTRARS ARE CHOSEN

The Adams County commissioners this morning appointed Harold Day, Gettysburg R. 3, a Republican, and John Slaybaugh, New Oxford R. 1, a Democrat, as the traveling registrars to conduct the special registration to be held throughout the county starting next week.

No decision was made concerning registrars for the special sessions to be held at the South Mountain and Adams County Fairs and the Kingsdale Firemen's festival. Commissioner Harrison G. Fair said that, since the registration at the fairs was being conducted as an experiment, the commissioners themselves and possibly some other volunteers from the parties should carry out the work so there would be no cost to the county until it can be determined whether the registrations are "worth while."

Commissioner G. Edwin Motter, noting that it will be 15 nights of work, expressed the fear that not only would it be difficult to obtain sufficient volunteers for the work, but that having a large number of volunteers handle the work may lead to difficulties in checking, in the event any error is made. He proposed that two paid registrars be employed for the 15 nights and then if rush business develops the commissioners and other could volunteer to help out under supervision of the paid registrars who would be responsible. Commissioner Atlee Rebert continued the discussion to this afternoon.

The bid for printing 20,000 map index cards for the county's reassessment program was awarded the Osborn Printing Co. of Biglerville, which offered to do the work for \$125. Hower's Print Shop bid \$130; Remmel's Print Shop, \$157.50; and The Times and News Publishing Co. \$145 on 90-pound stock, the type on which the others bid, and \$165 on 110-pound stock.

Bills totaling \$6,402 were approved.

## TRAINING OF WORLD WAR I PILOTS TOLD

Training of World War I aviators was described by Dr. Frederick Tilberg at Monday evening's meeting of Rotary at the YWCA.

Dr. Tilberg, senior historian for the National Park Service here, was one of the members of the Army Air Corps in World War I. "When the first use was made of air power as an adjunct to the other arms of the service, which as you can imagine was in a very pioneering state."

The local historian told the Rotarians his youthful air training in World War I still causes him to be nervous at times when flying in modern jets.

"We were trained in the Curtis JN-4, the famed 'Jenny.' To permit easier storage, the wings were easily removable. All that held them were a few small bolts. As a result you had to be very cautious in dives that you didn't tear the wings off them. Today's jets are built strong and fly fast, but you can imagine my reaction, based on the Jenny, when jets fly in ways that would have torn the wings off the earlier planes."

### SLOW MOVING PROGRAM

The men who became America's "aces" in World War I, had been trained and served with the Canadian or British Air Forces before the U.S. got into the war. Those, like himself, who were trained in America, found that the program sometimes was slow moving. Four universities had (Continued On Page 3)

## Venezuela Asks Showdown On OAS Quarantine Of Cuba

By MORRIS W. ROSENBERG  
WASHINGTON (AP) — Venezuela prepared to push today for a showdown vote on her demand for a total diplomatic and trade quarantine of Castro's Cuba by the Organization of American States.

The demand was a prime issue as foreign ministers of the 20 American republics opened a four-day conference.

Mexico, Chile, Uruguay and Bolivia still maintain diplomatic ties with the Communist-controlled Caribbean island nation.

In addition to the trade embargo—which would except food and medical supplies—Venezuelan officials said they will demand complete severance of all air and sea communications with Cuba.

### MEXICAN AIR SERVICE

Mexico is the only hemisphere nation which still has a scheduled Cuban airline service with Havana.

Brazil is reported to be seeking a compromise solution that would satisfy representatives of all the 20 nations.

The conference was called at Venezuela's request to consider punitive action against Cuba for Castro's efforts to overthrow the Venezuelan government.

The charges of aggression were based on the finding of a three-ton cache of arms which Venezuela said was secretly landed on its coast last fall by Cuba to supply pro-Communist guerrillas. The finding was confirmed by an OAS investigating committee.

An ambassadorial commission prepared three resolutions, considered as working papers, for the foreign ministers conference.

One of these would condemn Cuba for aggression against Venezuela and call for the suspension of all trade—with the exception of food and medical supplies.

## Glass On 7 Meters Broken By Vandals

Mayor William G. Weaver has issued a warning that the vandals who are responsible for the damage to the glass domes of parking meters within the last three days will be prosecuted under state law. Costs of the damage will also be assessed against the defendants.

Gettysburg meter Patrolman William Gilbert reported that the glass domes of seven meters have been broken. Since the glass is quite thick, it takes a deliberate, heavy blow to break it.

Weaver said that in his opinion this is premeditated vandalism which can be prosecuted under state law, the mayor added that he hopes this warning will be sufficient to stop the damage.

## WOMAN MARKS 92ND BIRTHDAY IN HOSPITAL

Mrs. Nettie Edna Reed, 204 W. High St., marked her 92nd birthday today at the Warner Hospital, where she was admitted as a patient over the weekend.

A native of Adams County, she was born June 21, 1872, in Quaker Valley, a daughter of the late William H. and Jennie Mathews, one of four children of the couple. Her mother died at age 36 and 18 months after the death of her mother, her father died. Her two brothers, Lewis and George, died at ages 24 and 36.

She and her sister, Mrs. Robert L. Vann, Pittsburgh, who until her retirement in October owned and operated the "Pittsburgh Courier" for many years, reportedly "never had a day's sickness in their lives."

### WIDOWED IN 1933

Mrs. Reed was a resident of Fairfield for a short time after her marriage to William E. Reed. Then the couple moved to Gettysburg, residing for many years on S. Washington St. Mr. Reed died in 1933. Their only daughter died in 1951.

Mrs. Reed, who continued to keep house up to becoming ill over the weekend, resided with grandchildren and great-grandchildren.

Only once in her life was she far from Adams County. In 1954 her sister, Mrs. Vann, was honored on "This Is Your Life" television program. Mrs. Reed, then 82, was flown to California for the program. It was the first time she had ever been up in an airplane and the first time she had been in the western part of the nation. She was delighted both with the flying and California.

### FAMILY VISITS

While no special observance was made of the 92nd birthday today, members of her family visited with her at her hospital room. Mrs. Vann came here Monday because of her sister's illness. A great-grandson, Nelson Wansel, who graduated from the local high school this spring and now is in the Marines, also was able to be home today to visit his great-grandmother.

Hardworking all of her life, Mrs. Reed reportedly is complaining about being hospitalized because of the many things which she feels she ought to be doing.

## JAYCEES HEAR ADDRESS ON NEW TAX PLAN

The Upper Adams Junior Chamber of Commerce Monday evening heard details of the county's new reassessment program and learned that the community attitudes survey being conducted by the organization has been completed.

Daniel Dahl and Thomas Donahue, of the company conducting the current assessment of the approximately 18,000 properties in the county, outlined to the Jaycees at the meeting held in Arendtsville details of the work of checking each of the properties, including measurements, in order to obtain a complete evaluation of the actual value of all properties.

Representatives of the company go to each property, check the buildings on them, and in the case of farms check also the use and value of each part of the land in setting up a master list which will in about 18 months provide the county with a complete list of cards with valuation of each property on it. At the same time maps are being being of the properties.

### ANSWER QUESTIONS

County Commissioners G. Edwin Motter and Harrison G. Fair also were present at the meeting and answered questions on the program.

Reports from the community development committee of the Jaycees showed that the survey being made among upper county towns concerning their opinion of their area, covering every phase of the community's activities, was completed last week.

Members of the committee reported that with the completion of the survey, the work of tabulating the answers given by the persons interviewed is now underway in order to learn what upper county towns find good about their area and what they believe should be improved.

## FAIL TO FIND BODY IN POND

State police today used special types of dredging equipment in a further attempt to determine whether a man drowned in the five-acre, 30-foot deep pond at the Arthur Rice farm, near Brysonia, late Saturday night.

Monday afternoon and continuing until 9 o'clock Monday night two expert divers from the Pennsylvania State Police headquarters at Hershey swam through the depths of the pond searching for the body.

The man, whose name was given as Boyd Cauthern, age 26, of Washington, D. C., when he arrived at the farm last week to engage in cherry picking, disappeared in the pond about 11:30 Saturday night.

He and a companion were on the shore of the pond when Cauthern waded into the pond to attempt to raise a boat that had sunk a short distance from the shore. Cauthern waded in and then disappeared. When he did not reappear the search began.

## Harlem Brews; Tavern Is Wrecked; Gangs Harass Police; Looters Active

By RICHARD F. WHALEN  
NEW YORK (AP)—Turbulent Harlem simmered down today from two nights of racial rioting and a third of continued disturbances.

Police pistol fire still shattered the air Monday night. Hundreds of steel-helmeted police patrolled the area. Major streets were again closed to traffic.

Chanting Negro demonstrators marched through the streets. Roving gangs harassed police. Looters broke store windows. A melee between police and bar patrons wrecked a tavern.

### 3 POLICE INJURED

## TO IMPROVE FACILITIES AT REC PARK

Gettysburg's Recreation Board plans to place 15 more tables in the picnic area of the Recreation Park next year and will also place some swings and slides there for use of children of picnicers.

At Monday evening's meeting of the board in the junior high school, Recreation Director Ray Thompson reported "vastly increased" use of the picnic areas. "There are people there even in the morning," he said. The recently completed Lions pavilion "has helped provide more space under roof for picnicking." Thompson stated, Kenneth Dengler, president of the recreation board and a member of the Lions Club pavilion committee, said the organization plans to stain the \$1,635 structure this summer and will present the building to the borough at a formal ceremony later.

Swings and slides which were purchased by the Exchange Club several years ago and placed on a field used for recreation to the east of N. Stratton St. between Coster Ave. and Barlow St., and then removed when the field was used for housing construction, will be placed at the picnic area, according to plans made Monday night. After its removal from the former site, the equipment was held in storage pending determination of the best use.

### PLACE SCREENS

The hot weather led to a decision to place screens on the refreshment stand at Recreation Park. Normally when the stand is closed wooden shutters are dropped to enclose the building. But the heat caused the ice cream cabinet motor to overwork, blowing out fuses and causing a "mess of melted ice cream." The board expressed the hope that screens, instead of shutters, would permit enough air circulation to prevent a recurrence of the difficulty.

With less help than last year the summer recreation program has been expanded and attendance is "about 1,600" ahead of the same time a year ago. Howard Shoemaker and Recreation Director Thompson told the board. They outlined the programs at the playgrounds and noted that each playground supervisor is providing an arts and crafts program for his playground, thus doing away with the need for a separate arts and crafts instructor. Last year there were 21 full-time summer playground employees. This year there are 14 full-time and seven part-time, ac-

## HOLDUP MAN IDENTIFIED AFTER SUICIDE

PHILADELPHIA (AP) — Authorities have identified an alleged holdup man who they said shot himself to death when trapped by police as Clarence A. Gifford, 43, of Waynesburg, Pa.

Gifford, who was released from the western state correctional institution at Pittsburgh last Nov. 7, was identified through fingerprints on file with the state police at Harrisburg and at the correctional institution.

Gifford shot himself at the Wynemfield home of David and Sylvia Gordon Sunday, police said, when officers entered the house in response to a phone call. The Gordons' daughter, Jacquelyn, 19, had phoned police from her locked bedroom that a robbery was in progress.

**GIVEN NEW TRIAL**  
Gifford was arrested in 1942 for intoxication at Fort Leavenworth, Kansas, and on a fire-arms charge in Washington, Pa., March 24, 1961.

He was charged with robbery in Washington, Pa., and sentenced to serve 8-to-18 years in the state prison at Pittsburgh.

According to the Washington County district attorney's office Gifford in 1962 filed for a writ of habeas corpus on grounds he had been tried and sentenced without benefit of a lawyer. The writ was denied. One June 13, 1963, he appealed to the State Superior Court and the case was remanded to the Washington County Court where Judge Roy I. Collins granted him a new trial.

He then was released from prison Nov. 7. Sometime between then and the new trial date, he pleaded guilty and was placed on 23-month probation.

Meanwhile, two women arrested as alleged accomplices in the attempted robbery were held without bail for court Monday on charges of burglary, larceny, receiving stolen goods, conspiracy, making threats to kill and carrying concealed weapons. They were identified as Mrs. Jane McDevitt, 36, and Jane Andrews.

## Students Attack French Embassy

SAIGON, South Viet Nam (AP)—France protested to the South Vietnamese government today following an invasion of its Saigon embassy by 50 Vietnamese students.

The students burned a small embassy truck, tore down the French seal over the entrance and smashed teleprinter equipment, furniture and windows. A leader urged them on shouting, "Down with France, down with De Gaulle, down with neutralism."

The raid took place after midnight and the embassy was deserted.

It was the second anti-French incident in Saigon in three days. Students damaged a French World War II memorial Sunday during commemoration of a "National Day of Shame" marking the 10th anniversary of the Geneva accord partitioning Viet Nam.

## DELEGATES TO FACE BATTLE

JACKSON, Miss. (AP)—The Rev. Dr. Martin Luther King comes to this racially troubled state today to aid the newly formed Mississippi Freedom Democratic party in its drive to unseat the all-white regular Democratic delegation to next month's national convention.

Civil rights leaders said Dr. King, head of the Southern Christian Leadership conference, would spend at least five days in the state, speaking at mass rallies in Jackson, Greenwood, Meridian and Vicksburg.

Another Negro leader, James Farmer, the Texas-born national director of the Congress of Racial Equality, is scheduled to arrive in Mississippi later this week to boost the Freedom Democratic party movement.

Even before the formal announcement organizing the Freedom Democrats Monday the group had received assurances from regular Democratic delegations in New York, Michigan, Wisconsin, Oregon, California and Colorado of support on the floor of the Democratic National Convention which begins Aug. 24 at Atlantic City, N.J.

## FAIL TO FIND

(Continued from Page 1)

Arendtsville and Biglerville firemen worked throughout Sunday, along with skin divers from York. Monday the state police divers, with specialized equipment for the task, took over.

A shoe worn by Cauthern was found in the water in the general area of the sunken boat by the state police divers.

While continuing to search the pond for the missing man state police teletyped to Washington authorities to determine whether he might have somehow left the pond and returned to Washington rather than going back to the labor camp.

## LABOR UNIT TO BATTLE BARRY

PHILADELPHIA (AP)—The president of the Philadelphia AFL-CIO council says the local organization is immediately launching a campaign against Sen. Barry Goldwater for president because of what he termed the immediate danger injected into the campaign by Goldwater's tactics.

The AFL-CIO normally waits until Labor Day to announce its stand on presidential candidates, Norman Blumberg, president of the Philadelphia Labor Council, explained Monday.

"This political pied piper, with his tunes of hate, bigotry and unamericanisms actually proposed to lead the nation down the dark roads of depression, insecurity, fear and chaos," Blumberg said.

"Supporting the candidacy of Barry Goldwater for president would be tantamount to making a huge bonfire of all the economic, social and legislative gains made by our people since 1932," Blumberg added.

He said the voting records of both Goldwater and his running mate, Rep. William E. Miller, "have been consistently in opposition to labor's stand for many years."

## INDICT 4 MEN FOR KIDNAPPING

WILMINGTON, Del. (AP) — Four Pennsylvania men have been indicted by the New Castle County grand jury on charges of kidnapping a nearly blind woman from Hockessin, Del.

The victim is blind in one eye and has only 10 per cent vision in the other. She said she was dragged into a car while waiting for a bus in Hockessin.

She said she was driven over winding roads, and then robbed, raped and beaten.

Blevins, Howell and Reeves are being held without bail on charges of rape, robbery, and assault and battery.

Greer is still at large.

# SENATE OKAYS PAY BOOST IN MILITARY PAY

By WILLIAM F. ARBOGAST

WASHINGTON (AP)—A \$207 million yearly pay raise for more than 2.6 million military personnel was headed today for speedy enactment, perhaps in time to get into August paychecks.

The election-year bonanza whizzed through the Senate Monday by voice vote a little more than one week after it was formally approved without public hearings by the Senate Armed Services Committee.

If it gets through Congress and is signed by the President before the end of this month, the raises would become effective Aug. 1.

## ASKS FAST ACTION

Chairman Carl Vinson, D-Ga., of the House Armed Services Committee called for speedy action. He steered the bill to a subcommittee headed by Rep. L. Mendel Rivers, D-S.C., who said House hearings would be brief.

Asked if he could get the measure to the President before the end of the month, Rivers said "we could very well do that."

The bill's effective date is the first day of the calendar month following enactment. Little opposition was expected in the House, which last month voted \$448 million in pay raises for most civilian government employees. The Senate has passed this bill with amendments and it now is awaiting compromise.

## INCREASE VARIES

The military payroll would provide a 2.5 per cent increase in basic pay for all officers and enlisted men with more than two years of service.

Even larger increases—8.5 per cent of basic pay—would go to young commissioned and warrant officers with less than two years of service. In this category are about 44,601 officers, mainly lieutenants and captains. The basic pay of this group has not been increased since 1952, although officers with longer service have received three raises since then.

Monthly raises for personnel with less than two years of service would range from \$18.78 for a warrant officer to \$22.04 for a first lieutenant.

Enlisted personnel with less than two years of service would get nothing more, the argument being that they primarily are in a training status and are eligible for built-in raises under existing law.

Increases would range from \$2.80 for a private with more than two years of service to \$49.30 more for a top general. Rookies now receive \$83.20 monthly after four months of service. A general receives \$1,970 monthly.

## "WORLD OF MANY FACES"

It's a mighty world we live in . . . and it's swirling round and round . . . large enough to be lost in . . . yet small enough to be found . . . it's a maze of good and evil . . . of laughter and of tears . . . composed of hopeful mountains . . . and a sea of doubts and fears . . . it's a world of love and beauty . . . it's for rich and poor as well . . . you alone can make it heaven . . . you alone can make it hell . . . it's a world where peace is priceless . . . and so very hard to find . . . where weeds of hate and jealousy . . . run wild to plague mankind . . . but with all its many faces . . . some that smile, some that deceive . . . one fact is worth remembering . . . few, if any, want to leave.

The Rev. Ernest Bauer, Chambersburg, pastor of the N. Franklin Charge, was elected to board membership to fill the vacancy created by the resignation of the Rev. Robert Whitehead, Scotland.

Pastor Stahl conducted devotions and Dr. Reaser, president of the board, presided at the business meeting. The director's attendance at a Lutheran Welfare Conference this fall in Washington, D. Mrs. Bream presented casework statistics for May and June when 28 new requests for services were received, with four being accepted for counseling, 10 for casework, five for material relief, one a need for a homemaker. In the two-month period personal contacts were made in 89 family situations. A resume of public agency programs providing financial aid to needy persons was included in the director's report to the board.

been given the task of providing three months instruction in aerodynamics, radio and officer training. Of each class of 50 about 30 survived the university training and drill. "Then we went on to be trained to fly. The government had allocated \$6,000,000 to cover all of the flight training. One airplane may cost that much today. We were sent to Kelly Field, Tex., arrived there to find no place for us, and that we were not expected. We were then moved to a camp at Dallas. About 1,200 men training to be aviators were there. Before our group finally was sent to an airfield, there were about 2,000 there, waiting their turn to go to an airfield."

Dr. Tilberg said his training had reached the point of cross country flying when the Armistice came. "They were paying us second lieutenant aviators a bit more than the other members of the Army in comparable ranks and as a result we found ourselves out of the service more quickly than the rest."

President C. William Harbaugh presided at the meeting with Dr. Kenneth Smoke and Dr. Richard Newsham leading group singing. Vice President Stanley Hull announced that the club will sponsor the play, "The Sound of Music," August 17 at the Totem Pole Playhouse.

# CLERKS WILL ACCEPT PACT

BALTIMORE (AP)—Balti-

more area members of the Retail Clerks International Association, Local 692, voted 1,404 to 55 Monday night to ratify a proposed contract with seven Maryland supermarket chains.

The agreement ends a three-month-old strike against Acme Stores. The retail clerks struck Acme April 17, and six other chains belonging to the Baltimore Food Employers' Association then closed voluntarily to present a united front against the union.

The shutdown of 225 stores in central Maryland and on the eastern shore ended June 14, when the chains reopened without a contract, and Acme with nonunion clerks. The union members returned to work at Acme Monday.

The proposed contract, which would run for 30 months from the date of ratification and the terms of which would be retroactive to January, also provides an across-the-board pay increase of \$9 a week. Part-time employees will get the same raise, figured on an hourly basis.

The agreement also calls for the establishment of a sick leave fund for part-time employees.

# NEUTRALISTS RETAKE HILL

VIENTIANE, Laos (AP)—

Neutralist troops have captured strategic Phou Koutt Hill and advanced eastward toward the Communist-held Plaine des Jarres, a military spokesman announced today.

The spokesman said the neutralists had cleaned out 100 Communists from the hill's eastern slopes, the last pocket of Red resistance.

The spokesman said he did not know if the neutralists would continue their advance to the Plaine des Jarres, 20 miles east of Phou Koutt. The Communist Pathet Lao drove them from their positions around the strategic plain in the past two months.

Earlier reports said 30 neutralists had been wounded in the assault on Phou Koutt but gave no estimate of Communist casualties.

Phou Koutt had changed hands at least four times in the past two months.

The neutralists launched the offensive at dawn Sunday to forestall a threatened Communist attack on Muong Soui, their last stronghold near the Plaine des Jarres 110 miles northeast of Vientiane. Phou Koutt overlooks Muong Soui as well as Route 7, the main east-west road across Laos.

One of their goals is to help the "Little Littles," their name for the subnormal size children of both little people and big people.

"Education is one of our main problems," said organization president Bob Brower Monday. Brower is one of the biggest of the Little People at 4 feet, 10 inches.

# TO IMPROVE

(Continued From Page 1)

according to the report.

A program at present used only at Recreation Park is "proving extremely popular." Shoemaker said. "It's kind of hard to call it a program or whatever, but the children are getting a great deal of pleasure out of it. We call it the slip and slide. All it consists of is a 25 foot long by 40 inches wide piece of plastic. You put it down the side of an incline and trickle water down it. The kids put on bathing suits and slide down it. They find it a great deal of fun."

## FALL PROGRAM

Board Member Barton Hoppe and Director Thompson gave a preliminary report on the possibility of holding a rifle and hunting training course this fall as part of the recreation program. They were asked to continue their study and report at the August meeting.

The board discussed at some length the possibility of the borough taking over the Youth Center but held that since borough council had previously on two occasions turned down requests of the Youth Center for aid, "as a board created by council we can hardly express any opinions on the matter." In the discussion, however, members expressed the need for a community center in the town but held the Youth Center building is "too small and too cut up" to provide answers to that need, even if borough council should show interest in its purchase.

The board expressed appreciation to the Elks Club which plans to provide a WSBA record dance at Recreation Park, probably in August.

## ADDITIONAL LIGHTS

Three "dusk to dawn" lights have been placed at Recreation Park, it was reported. A need for additional lights for night games at the softball field was discussed, and a diagram made by Metropolitan Edison officials showing where additional lights should be installed was presented.

Completion of the new maintenance building was reported. Still to be completed is installation of a drainage pipe and downspouts to carry away water from both the new building and the old building and the placing of some fill around part of the footers of the new maintenance structure.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
FIFTY YEARS AGO

Phot Campers: Knoxlyn has the first real camp of the year in the membership of Kamp Kari who are now under canvas for their fifth year. Mrs. Louis Weygant, Baltimore street, and Mrs. E. J. McEvilly, Chicago, are chaperoning the party which includes Misses Muffy and Zita Ramer, Anna Behnrode, Carrie Codori and Ruth Faber of Gettysburg; Miss Anna Felix, Emmitsburg; Miss Queenie Mattingly, Richmond, Va.; Fred Faber, Joseph Codori, Richard Mishler, Wilbur Stallsmith, James and Robert Eckens.

Happy Children At Chautauque: Happy children, two hundred of them, the girls in dainty socks and crisp ribbon bows — the boys in suits ready for all kinds of play — crowded into the front rows of benches at the big Chautauqua tent this morning. Many minutes before nine o'clock all the front seats were occupied and scarcely a gleam of the youngsters was late arriving for the first real play of the week. And what a session it was. A pleasant little story, a song or two, some gymnastics, made up as full a two hours as Gettysburg's rising generation ever put through. Joyous laughter on all sides was enough to repay any who may have made some sacrifice to send their children out for a week of real recreation. The two appearances of the McKimble Operatic Company, afternoon and evening, augured well for the future events of the week. Janitor Wetzel's flower beds are much admired by Chautauquans.

Refrigerators: Why do without a Refrigerator and let your eatables spoil. We have them at all prices. PORCH SETS & PORCH SHADES. We have them in fumed and empire finish. Just the thing for a nice big porch. H. B. BENDER, the HomeFurnisher.

New Business Stand: Gust Varelax, formerly proprietor of the Gettysburg Candy Kitchen, and James Spanos, a restaurant man from Birmingham, Alabama, have rented the corner room in the old Spangler building on Center Square from J. H. Kadel and will open a restaurant there about July 22.

Real Estate Deals: The property, effects and franchise of the East Berlin Railway Company were sold this afternoon by the receiver, William D. Rimes, to William G. Leas at \$20,500. The sale was conducted in front of the Court House. . . . The Cobean property at the corner of Washington and Chambersburg streets was offered at public sale this afternoon by George C. Cobean for the heirs. It was withdrawn at a bid of \$6,200. . . . The property of the late Mrs. George Lightner on Baltimore street was sold at public sale this afternoon to John Mumper of this place at a bid of \$3020. . . . At a bid of \$8100 the Sunday House at East Berlin was withdrawn on Friday afternoon. An effort will be made to dispose of the place at private sale. . . . J. C. Carna Smith, Mount Joy township, has purchased the store business of John W. Black at Barlow and will get possession on April 1st.

Ugly Experience: John Ketterman, Cashtown, had an unpleasant experience on Saturday evening when a large snake fell from a brace in the hog pen and dropped on his neck. The place was dark at the time and Mr.

## Today's Talk

## ATTITUDE OF MIND

The longer one lives, and the more people one meets, the more one is impressed with the idea that one's attitude of mind makes all the difference in the world as to one's happiness or unhappiness, health or illness.

There are certain centers, I believe, in our unconscious mind, that seem to be reserved for executive chambers. And in these hidden places are formulated the plans and ideas that give to the mind its attitude toward life, beauty, good and evil, eternity — and in fact everything made conscious to the active mind.

We all know what a stimulating medicine cheerfulness is, and how the ever-hopeful person is welcomed and loved. The grouchy and complainer are wanted nowhere.

Robert Louis Stevenson spent the greater part of his life an ill man. His physical life was a burden — but there was nothing burdensome about his kindly, simple philosophy of life, nor of his attitude of mind toward those he loved, or of life itself. His stories and essays are ever stimulating and uplifting. A favorite chapter of mine is that one in his book "Across the Plains," which he called "The Lantern Bearers." Stevenson's entire life was a rhythm of good cheer and hopefulness to the world.

Both success and failure, as well as all the satisfaction that we gain out of life, are products of our attitude of mind.

Little do we realize how we are ruled by our prejudices, our set ideas, our environment and the particular people with whom we most associate. Unconsciously they influence our attitude of mind, but as we learn and grow in intelligence, this attitude changes for the better.

One's attitude of mind toward one's work has more to do with its success and happiness than anything else. You can usually pick out a happy worker. There's something vital and vibrant about such a one.

## Just Folks

WHILE WAITING FOR  
A GREEN LIGHT  
As I was riding down today  
A red light stopped me on the  
way.  
And at my side with grind and  
jar  
Came up another motor car.  
Attracted by the piercing squeal  
I saw two white hands quit the  
wheel  
And fly so fast and high in air,  
I thought: The lady's fainted  
there!

But not I soon discovered that  
The damsel had to fix her hat.  
'Twas just a trifle high or low,  
But which I now shall never know.  
Her fingers to the bonnet flew  
And worked as lady fingers do,  
As if the light would change to  
green  
Ere she'd be proper to be seen.

Behind, a wayward wisp of hair  
Appeared to need immediate care.  
She tucked it in, she pulled it out,  
She twisted it her thumb about.  
To me when all the fuss was o'er,  
It looked no different than before,  
But this I knew: 'twas urgent that  
She rearrange both hair and hat.

But who am I to question what  
Appears to be a woman's lot?  
How do I know the deep disgrace  
Of bonnets slightly out of place  
Or the discomfort and despair  
Of stubborn, wayward wisps of  
hair?  
I don't. I merely thought and  
said:  
'How nice for her that light  
Stayed red!'

Use Trucks To Rope  
Wandering Buffalo

AUGUSTA, Kan. (AP) — A wayward buffalo proved to be too much for horses Monday and his pursuers had to resort to trucks to capture him.

The buffalo hopped a fence at the home of his owner, Owen McEwen, and led police and volunteers on a five-hour chase. After gouging a horse, the 1,800-pound buffalo was roped, anchored between two pickup trucks and given two tranquilizer shots. Then he was loaded into a horse trailer for the return to McEwen's farm.

PHONE RATES  
WILL BE CUT

HARRISBURG (AP) — Starting Aug. 1, the United Telephone Co. of Carlisle will reduce its rates an estimated \$42,000 a year in 15 South-Central Pennsylvania counties.

The Public Utility Commission authorized the cut Monday, affecting 4,367 subscribers, in line with United's recent program of improved service and lower rates.

There are 2,232 customers who will save \$22,500 annually through elimination or reduction of mileage charges. A \$19,000 yearly reduction also will be made in rates of 1,751 customers throughout its system for telephone extensions in separate buildings on the same premises.

On basis of experience, the utility expects 293 customers to save approximately \$900 annually under changes lowering cost of installing residence extension phones.

In addition, 1,039 residence subscribers will be upgraded from multi-party service to four party service at no increase in monthly charges through expansion of base rate areas.

The exchanges where the mileage charges will be ended or lowered are located in Adams, Bedford, Blair, Cumberland, Franklin, Fulton and York counties.

Scientists have proposed a study program to make an inventory of the extent, nature and distribution of the world's total water supply.

## Big Little League Selects Star Team, Playoff Dates

The selection of the 1964 All-Star team and the dates for the post-season playoffs were the main topics on the agenda at a meeting of the Big Little League Monday evening at the American Legion home. President Glenn L. Bream presided.

The board of directors and managers selected 18 players to the All-Star team. The stars will meet the "Old-timers" in the annual clash on Saturday, August 1, at 1:30 o'clock. Those selected for the dream team were Charles Raffensperger, Eric Maitland, catcher; Mike Herring and John Heiser, pitchers; James Allison and Ken Gebhart, first basemen; Ed Hughes and "Butch" Alberts, second basemen; James Ritchie and Phil Wisotzky, third basemen; Don McCans and Ronald Redding, shortstops, and outfielders John Flynn, Tim Fazenbaker, Larry Shindler, Donald Rohrbach, Dave Delzingaro and Mike Varian.

President Bream will manage the 1964 All-Stars and Chuck McCans, whose Legion team won the regular season championship, will pilot the "Old-timers."

The post-season playoffs will get underway on Monday, July 27, with the first place team facing the third place team. The second game will be staged Tuesday, July 28, and will pit the second place team against the fourth place team. The winner of each game will then vie for the title in a single game on Thursday, July 30. All of the playoff contests will start at 6 p.m. each evening. In the event of postponement, each game will be advanced accordingly, but will remain in the same order as scheduled.

All teams were well represented at Monday's meeting.

### Littlestown Little League

The one-hit shutout pitching of Kevin Zumbrum bolted the Yankees back into first place as they tripped the Orioles 3-0 in a thrilling, well-played contest Monday evening. The loss drops the Orioles into second place.

The only hit given up by Zumbrum was a single to John Maitland in the bottom of the fourth inning. The Yankees played errorless ball, keeping the Orioles from capitalizing on the breaks.

The Yankees tallied two runs in the fourth. Ken Motter, who paced all hitters with two blasts, singled and came all the way home when the defense bobbled. Steve Shanbrook's ground ball, Harold Lester then singled, sending in Shanbrook. The winners tallied their third run in the top of the sixth. Motter again singled, went to second on a ground ball and scored on the Orioles' third miscue.

## CHISOX BOUNCE BACK INTO AL PENNANT RACE

By JOE MOOSHIL

Associated Press Sports Writer

CHICAGO (AP)—So the Chicago White Sox can't beat the New York Yankees. So what?

That's not the way Manager Al Lopez of the White Sox looks at things but that's the way it is.

Twice in hand-to-hand combat with the Yankees, the White Sox were considered dead, losing a five-game series and then a four-game series and 10 straight in all to the Yankees.

Yet the upstart Chicagoans not only have bounced back but find themselves in second place in the American League race, one game ahead of the Yankees and one-half game behind league-leading Baltimore.

**SPLIT WITH BIRDS**

Not counting Baltimore short, can the Sox lose all 18 games to New York and still win the pennant?

"That's a stupid question with baseball being what it is," said Lopez. "Anything can happen in this game. We've lost to the Yankees and practically murdered the rest of the league."

Sure, it's possible to lose all 18 to them and still win the pennant but that would be the hard way to do it."

The Sox have split even with Baltimore in 10 games and have a losing 3-5 record against the fourth place Minnesota. Against the rest of the league they have a fantastic 47-14 record.

**WADE HEADS TRACK FIELD**

In view of his dominating victories on the NASCAR Grand National Northern Tour, Billy Wade of Spartanburg, S. C., appears to be the man to beat when the Grand National Late Models make their appearance at the Lincoln Speedway, tonight for the running of the 100-mile "Pennsylvania 200" over the half-mile clay oval.

Wade has defeated the NASCAR stars on both the ovals and road courses. To date Wade has scored victories at Old Bridge, N. J.; Bridgehampton, N. Y., and Islip, L. I. Driving a 1964 Mercury, set up by Bud Moore, Spartanburg, S. C., the 34-year-old speedster has proved that he is at home on the short tracks, as well as the super-speedways.

Wade started his racing career in Houston, Texas, at the Joseph Myers Speedway. He was the Texas Modified Champion in 1958 through 1961. He joined NASCAR's Grand National Division winning the "Rookie of the Year" award in 1963. Attempting to stop Wade at Lincoln will be established stars such as Ned Jarrett, Camden, S. C., present leader in short track victories and Richard Petty, Randleman, N. C., sporting six short track wins and recognized as a wizard on the short track dirt.

The "Pennsylvania 200" is the only 100-mile Grand National event to be run on a dirt oval, during the annual Northern tour. Many of the top mechanics have brought special cars on the tour for the events at the Lincoln Speedway. Practice and qualifying get underway at 6:00 p.m. The main event, the "Pennsylvania 200," starts promptly at 8:30 p.m.

**GYM TEACHER BATTLES JINX**

CHICAGO (AP)—Maureen Crum, 25-year-old junior high school gym teacher, started battling the medalist jinx of the Women's Western Amateur Golf Tournament today.

Only six times in the medal's 64-year history has the medalist continued to the title.

Miss Crum, a pert brunette from Plant City, Fla., and a semifinalist in the Southern Amateur this year, led 32 qualifiers into the first round.

She topped Monday's trials over the par 37-36-73 Oak Park Country Club course with a 37-35-75.

One stroke behind was defending champion Barbara McIntire of Colorado Springs. Barbara Fay White of Shreveport, La., and Marcella Rose of Jefferson City, 1963 Missouri State champion.

Miss Crum's opening opponent was Kathleen Newton of Cleveland, who qualified with an 80.

Miss White met 19-year-old Pela Chavez of Mexico City, to meet Australia by winning Sunday's doubles.

## PHILS, GIANTS LOSE AS REDS TIGHTEN RACE

By MIKE RATHET

Associated Press Sports Writer

Since Cincinnati Manager Fred Hutchinson made his poignant "man upstairs" statement at the All-Star Game two weeks ago, the Reds have established themselves as legitimate contenders by trimming four games off their deficit and moving to within 2½ games of the front-runners.

The Reds, who won the 1961 pennant scramble, tightened up this year's race again Monday by knocking off the first-place Philadelphia Phillies 6-2 for their seventh victory in the last nine games while the second-place San Francisco Giants lost to the Chicago Cubs 6-4.

The Reds have been on the move, taking advantage of slumps by the Phillies and Giants, ever since Hutchinson spiked a rumor that he was resigning. The tall, stoop-shouldered manager, battling cancer, said at the time:

"I'll quit only if they fire me or if the Man upstairs tells me."

**LOSE 9 IN 12**

The Reds' latest victory handed the Phillies their third loss in four games and ninth in the last 12. The Phillies, however, remained three percentage points ahead of the Giants, who now have lost six of their last eight.

Only one other game was scheduled in the National League. In that, the Houston Colts whipped the Los Angeles Dodgers 4-1, dropping the defending world champions below the .500 mark again.

The Phillies led 2-0 when Cincinnati began to battle back. Tommy Harper's two-run homer in the fifth off Dennis Bennett tied, then the Reds broke through in the sixth for the clinching runs on a walk to Don Pavletich, Leo Cardenas' double and a triple by Steve Boros. Pavletich wrapped it up with a two-run eighth inning homer.

**NUXHALL TOSSED OUT**

Joe Nuxhall started for Cincinnati and paved the way for both Philadelphia runs walks by issuing walks to Cookie Rojas. Rojas scored in the first on a sacrifice fly by Tony Taylor following a wild pickoff attempt by Nuxhall and came around in the fifth on singles by Johnny Callison and Taylor.

Despite a strong performance, Nuxhall wasn't around at the end because of strong words to Umpire Mel Steiner on a pitch to Bobby Wine in the eighth inning. Billy McCool came on after Nuxhall was ejected and preserved his eighth victory against four losses.

The Giants scored three runs in the fifth inning on consecutive homers by Orlando Cepeda and Del Crandall and went into the ninth holding a 4-2 edge over the Cubs.

**ROSEBORO HURT**

When Doug Clemens reached base on Hall Lanier's error and Billy Williams beat out an infield hit, Bob Shaw replaced Bob Bolin on the mound and was immediately tagged for a three-run homer by Ron Santo that won it for the Cubs.

The Colts scored all their runs in the fourth inning on a triple by Joe Gaines, singles by Mike White and Bob Lillis, a walk and Jerry Grote's bases-clearing double. The Dodgers only run came in the seventh on singles by Tommy Davis and Wally Moon and a sacrifice fly by Nate Oliver.

The Dodgers also lost the services of catcher John Roseboro, their No. 1 hitter with a .310 average. Roseboro suffered a severe laceration on the middle finger of his right hand when he was struck by a foul in the fifth inning. Fifteen stitches were taken and X rays were negative.

**McSherrystown Pee Wee Loop**

A no-hit, no-run ball game by Kevin Smith paced the Home Association to a 12-0 win over Conewago Dairy and thus lifted the winners into undisputed possession of first place, Monday evening.

Smith did not give a hit, fanned five and allowed but four walks. His teammates also played errorless ball throughout the six-inning affair.

The Home Association took advantage of nine Conewago miscues and five hits including Smith's long triple, to produce its 12 tallies. The victors scored in every frame but the last. Mike Grot was the game's top hitter as he banged out two safeties for four at bats.

percentage point as they dropped a 5-4 decision to the Reading Red Sox. The big blow in the game was a two-run homer by Joe Theis in the Reading half of the seventh inning.

**Optimist Boys' League**

The Bullets rolled to their eighth win in nine games by turning back the Soldiers 6-1, Monday evening.

The Bullets put together a fine balanced attack and started with a four-run rally in the first inning. Bill Briggs paced the winners with a perfect four for four and also went the distance on the hill for the victory.

The Soldiers tallied their lone run in the fifth on back-to-back doubles by Terry Barnes and Bill Reinhart. Dennis Eberhart clouted two of the Soldiers' four safeties.

# The Goldwater Story

By ROB WOOD

SAN FRANCISCO (AP)—Barry Goldwater put a motto on the wall behind his Senate desk. It read, "Noli permittere illi tibi carborundum."

Roughly translated, that means—"Don't let the so-and-so grind you down."

The Arizona senator followed this creed, including in its range all Democrats and some Republicans.

Relentlessly he preached his conservative views. By 1960, his eighth year of his Senate service, Goldwater's name was put up in the Republican National Convention for the presidential nomination.

**LEFT REMINDER**  
He withdrew in favor of Richard Nixon but left behind his reminder: "We've had our chance, and I think the conservatives have made a splendid showing at this convention. We've fought our battle. Let's, if we want to, take this party back—and I think we can some day."

The conservatives wanted to, and they did, just four years later, with Goldwater as their leader.

How did a man from a small Western state capture the nomination? First, he surrounded himself with a group of amateur politicians, novices but men completely dedicated to the senator.

**ARIZONA MAFIA**  
They became known as the Arizona Mafia.

There were 56-year-old Dennis Kitcher, a Phoenix corporation lawyer, as campaign director; Dean Burch, 36-year-old Tucson lawyer, as deputy director; F. Clifton White, 45, of New York, co-director of field operations; Richard Kleindienst, 40, another Phoenix lawyer, as field director; Karl Hess, 41-year-old speech writer; Edward McCabe, 45, of Washington, a lawyer who was administrative assistant to former President Dwight D. Eisenhower as Goldwater's director of research; Edward C. Nellor and Tony Smith, who shared the press secretary duties.

After Goldwater's weak showing in this year's New Hampshire primary, his staff was beefed up and took on more responsibility in the speech writing and news coverage fields.

**BLUNT ANSWERS**  
Goldwater was shielded more from the probing questions of newsmen. He had the habit of responding to questions with a blunt, quick answer.

He had once said the country might be better off if they sawed off the Eastern seaboard and let it float out into the Atlantic.

Although the senator won what many called disappointing victories in the Illinois primary over Sen. Margaret Chase Smith of Maine; in Indiana over Harold E. Stassen; and in Nebraska over a write-in for Nixon, each triumph added up to first-ballot votes.

**ENDLESS CAMPAIGN**  
Aides also began an endless campaign in states where there were no primaries. It was here, in the GOP conventions, where they made their strike.

Many GOP leaders simply underestimated the dedication of the Goldwater workers. They didn't even take the trouble to

visit many of the state conventions.

Over the years, Goldwater also had pulled into his camp segments of the population who never before have been banded together. He had college students, some of the old guard stalwarts who longed for what they called the good old days, states righters of the South, and elements of the far right wing.

**DEEP CONCERN**  
Goldwater expresses a deep concern about the nation's finances but is singularly unconcerned with his own. He seldom carries more than a dollar with him and signs for everything from hotel bills to golf green fees.

He never drinks coffee, never smokes, but he enjoys good bourbon and has a weakness for candy.

He has cancelled appearances, particularly during the recent GOP convention where hundreds of voters waited. He has flown through a thunderstorm, landed despite a bad crosswind, to speak before a small crowd in an Arizona mining community that boasts a solidly Democratic voter registration.

**"COLD SWEAT"**  
And he once said, "I break into a cold sweat just thinking about being a presidential candidate."

But he watched in complete confidence, one leg thrown over a chair arm, the night the GOP delegates named him their presidential choice.

## BARRY COUNTS ON HELP FROM EISENHOWER

By WALTER R. MEARS  
PHOENIX, Ariz. (AP)—Republican presidential nominee Barry Goldwater, counting on an active campaign boost from former President Dwight D. Eisenhower, is setting his political counselors to work on battle plans for the race against President Johnson.

Goldwater flew back to Washington and his Senate desk Monday.

Tentative thinking on the Goldwater campaign shapes up this way:

—It is likely to be a series of forays for major addresses with bases in Washington and Phoenix.

—One old-fashioned whistle-stop stint is in prospect, lasting perhaps a week and covering the interior valley of California.

—Goldwater forces are drafting plans for formation of a citizens committee which would seek to rally Democrats and independent voters to the Goldwater cause.

—In the month ahead, the traveling campaign will consist largely of what one top aide called "a few sorties for special purposes."

—Goldwater, as he did in the California primary campaign, will rely heavily on television to carry his message to the voters. The senator probably will begin recording television appearances early in August.

## SCRANTON HAS CALM BIRTHDAY AT MARWORTH

HARRISBURG (AP)—

Gov. Scranton, after a quiet celebration of his 47th birthday, spending the day with his family, relaxing at his Marworth estate, began a two-week vacation Monday in the Adirondack Mountains in New York State.

It was just about the first day of relaxation the governor has had since June 2, when he began his unsuccessful campaign for the Republican presidential nomination—a campaign which took him more than 30,000 miles to 32 cities in 26 states.

**WILL RETURN AUG. 1**

The governor is expected back at the Capitol August 1.

Scranton, his wife, Mary, and their four children will spend the two-week vacation at the Little Moose Lodge in the Adirondacks.

The governor and his family spent a quiet day Sunday, celebrating the governor's birthday with a small party.

Scranton had a chocolate birthday cake and received some gifts of clothing. He spent the day playing tennis, swimming and visiting friends.

Scranton and his family had arrived at Philadelphia's International Airport at 4:50 p.m. Sunday after a flight from San Francisco.

**DECLINED COMMENT**

During a brief news conference at the airport, Scranton declined comment when he was asked if he would campaign for Sen. Barry Goldwater of Arizona, the man who defeated him for the nomination.

He was asked to comment on a Goldwater statement, made in accepting the Republican presidential nomination, that "extremism in the defense of liberty is no vice."

In reply, Scranton said that if extremists try to establish inequality, "we will have to oppose it."

"I rather gather that some of them (extremists) are," he added.

**FIGHT FOR CAUSE**

Earlier Sunday, the governor's office issued a statement terming Scranton's bid for the nomination "the good fight for a just cause."

The statement added: "Politically, we did not prevail in San Francisco. As a matter of principle, we were never beaten, because the principles for which we fought will live on so long as America is the nation we love."

"We fought for principles that

## TODAY In History

By THE ASSOCIATED PRESS

Today is Tuesday, July 21, the 203rd day of 1964. There are 163 days left in the year.

Today's highlight in history: On this date in 1861, a Union army of 30,000 men marched south from Washington to engage an equal number of Confederates. They met at Manassas, Va., at the Battle of Bull Run, the first important battle of the Civil War. By mid-afternoon, a badly disorganized Union army retreated to Washington.

On this date: In 1796, Scottish poet Robert Burns died in poverty at the age of 37.

In 1925, John T. Scopes was convicted of teaching evolution at Dayton, Tenn., contrary to state law.

In 1941, the United States began a nationwide drive to collect scrap aluminum.

Ten years ago—Armistice agreements were signed in Geneva by France and the Communist Viet Minh regime, ending 7½ years of war in Viet Nam, Laos and Indo-China.

Five years ago—A federal district court in New York ruled that D.H. Lawrence's novel, "Lady Chatterley's Lover," was not, when considered as a whole, obscene.

One year ago—Red China and the Soviet Union issued a joint communique admitting their ideological talks had failed.

## ROSE MARIE TO FIND OLD ROLE TOUGH

By JAMES BACON

AP Movie-Television Writer HOLLYWOOD (AP)—Next week Rose Marie plays a real life Pagliacci.

A wise-cracking comedienne, she plays the single girl who is always looking for a man on "The Dick Van Dyke Show."

The show took a summer vacation and resumes filming July 30.

During that vacation, Rose Marie lost her husband of 18 years. He died suddenly from a blood ailment.

Her husband, trumpeter Bobby Guy, was the comics' favorite musician. A hearty, sincere laughter, he was always in the band when Jerry Lewis, Danny Kaye, George Gobel or any of the other big name comics appeared.

**ALL SHOW BUSINESS**

He also was a good trumpeter—once featured with the Kay Kyser band in the Thirties.

Rose Marie, a former stage and movie child star, has been in show business all her life but never wound up with the adult problems of most child performers.

"Somehow, I never felt as if I were different than other kids," she says. "I thank by God for that. Maybe that's why Bobby and I had such a happy marriage."

"We had 18 wonderful years together—and a wonderful daughter who is the image of her father. And she is so much like him in many ways, it is the one solace I have."

**WONDERFUL LETTERS**

"That and all the wonderful letters from people I never even knew existed. Lots of them from friends of Bobby—friends I never knew he had."

Bobby loved all comics. But his favorite was his wife.

Gobel once quipped: "Bobby is such a fan of Rose Marie that he's the only husband in town who asks his wife for an autograph at breakfast."

Asked how she felt about re-summing her comedy career, Rose Marie did not go into the spiel about "the show must go on."

"I dread it," she said sadly.

## Armed Reds Held Yankee Ship 5 Hours; Grain For Russia Is Sent To Castro

By ANDREW BOROWIEC

PORT SAID, U.A.R. (AP) — The captain of a U.S. freighter which took American grain to the Soviet Union says armed Soviet sailors commandeered his ship in international waters and held it for five hours.

"I was ordered off my own bridge at gunpoint," Capt. Arthur H. Fertig told reporters Sunday after docking here. "We were treated like animals."

He said the Russians fired warning cannon volleys over his ship, boarded it, confined the crew to quarters and conducted a search.

### EXCESSIVE CHARGE

The incident occurred last Wednesday outside the Black Sea port of Novorossiysk after Fertig refused to pay what he considered an excessive charge for unloading the cargo.

His ship, the tanker Sister Katingo, had unloaded 32,000 tons of American grain. Fertig said the payment procedure had been guaranteed by a U.S.-Soviet agreement.

The seizure followed 20 tense days which came to a head when Fertig chose to pay stevedores \$3 per hour per man for unloading the cargo. The Russians demanded 50 cents a ton.

### REDS SEARCH SHIP

Fertig, 44, of Wading River, N.Y., said his ship was halted by Soviet patrol boats outside the harbor and ordered to return to port, but he refused.

The Russians searched the ship thoroughly, then let her leave after Fertig signed a long-hand statement in Russian which was not translated to him.

Fertig and Chief Officer Daniel Jamieson both said they saw the American wheat they delivered being loaded on a Soviet ship for transport to Cuba.

"We learned from Soviet sailors that the grain was going to Cuba," Jamieson said.

In Washington, the United States announced Friday night it had made an oral protest to the Soviet Union for what it called excessive behavior.

But U.S. authorities conceded that "under international law Soviet authorities may have been within strictly legal rights in the particular circumstances."

## York Boy Drowns On Clamming Trip

DEWEY BEACH, Del. (AP) — Toby Myers, 13, of York, Pa., drowned Sunday in Rehoboth Bay when, police said, he apparently stepped into a hole while clamming.

Police said the boy was clamming with his two half-brothers, Thomas Lieberknecht, 16, and Jeffrey Lieberknecht, 15.

Toby decided to return to shore before the others, officers said. When the brothers returned, they couldn't find Toby and called state police, who found his body in seven feet of water about 100 yards from shore.

## Trucker Killed In Mountain Crash

McCONNELLSBURG, Pa. (AP)

A semi-trailer truck ran out of control on Rt. 30, 11 miles west of McConnellsburg, Sunday and plunged over a 100-foot embankment, killing the driver and his companion.

Dead are Ronald St. Pierre, 23, the driver, and Albert Blizard, 24, both of Wallace, N.C.

The truck ran out of control while going around a curve, according to police. Blizard was pronounced dead at the scene. St. Pierre died a few minutes after he was taken to Fulton County Medical Center.

## MAY EXPOSE HATE GROUPS ACROSS U. S.

WASHINGTON (AP) — President Johnson's public condemnation of "clandestine hate organizations" will be followed by legal maneuvers to expose those he has accused of fomenting terror, violence and savagery.

An administration source said Monday evidence is being gathered by federal authorities to use against those who, in Johnson's words, try to "force, bully and intimidate" Negroes from claiming their constitutional rights.

There have been reports of a resurgence of the Ku Klux Klan in parts of the Deep South. Johnson, although declining to say whether he specifically had the Klan in mind, told a Saturday news conference at his Texas ranch:

### CONDEMNS TERROR

"Some of the factual reports which I read daily have recently given me cause for concern regarding organized violence by small groups who mask their identity."

"I condemn as do most Americans the use of violence and terror by clandestine hate organizations."

Johnson's reference to those who "mask their identity" seemed calculated. Members of the Klan wear white sheets and hoods.

The President flew back to Washington late Sunday night after spending the weekend at his ranch near Johnson City, Tex.

### 3 GIRLS HURT

ATLANTIC CITY, N.J. (AP) — Susan Wolfe, 20, of Norristown, Pa., was killed and two other Pennsylvania girls seriously injured Sunday when their small convertible went through a stop sign, struck the curb and slammed into a utility pole.

In serious condition were Adele Mariani, 19, of Glenside, driver of the car, and Betty Laux, 20, of Norristown.

## BEATLES HIT IN NEW FILM; ROSE IS HAPPY

By JAMES BACON

AP Movie-Television Writer HOLLYWOOD (AP)

The Beatles are a big hit in their first movie—critics call them the new Marx brothers—and no one is happier than movie composer David Rose.

Rose is a serious musician noted for his lush use of strings. Until the Beatles' reviews came out, Rose thought maybe he had approached music from the wrong direction.

"I went up to my teen-age daughter's room the other day," he says. "The walls were plastered with pictures of the Beatles."

### "I'M GLAD"

"There were no pictures of me. Worse, there were none of my albums in her record collection. What does a father do in a situation like that?"

"I'm glad the Beatles are successful as movie stars. Maybe now they'll get out of the music business."

Oddly, Rose's biggest hit was an out-of-character number as noisy as the Beatles.

"When MGM made 'Sweet Bird of Youth,' with Paul Newman and Geraldine Page a few years ago, the song 'Ebb Tide' was used as background music," he said.

### HAD TO LEAVE

"MGM Records asked me to record it, which I did. It was expected to be a hit. It wasn't, but the other side of the record is my all-time big seller—'The Stripper.'"

How that came about is one of those showbusiness mistakes that boomerang into big money.

"After 'Ebb Tide,' Rose recalls, 'I had to leave the country for awhile. The company wanted the record on the market fast so somebody—I later heard it was an office boy—went through some of my old tapes for a fill-in recording for the flip side.'"

"The Stripper" was some background music I had composed for a television show of the old play 'Burlesque.' I had forgotten about it. The office boy liked it and put it on the other side of 'Ebb Tide.' It's still selling and my last figure had it past the three-million mark.

"Isn't it ironic that I, who had made a reputation with strings, should get my greatest fame from some honky-tonk, brassy, loud, drum-beating song?"

"Maybe the Beatles have the right idea after all."

## FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTESTE, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "false odor breath". Get FASTESTE at drug counters everywhere.

## Woman Held In Fatal Stabbing

COATESVILLE, Pa. (AP)

Mrs. Sarah Nutter Gray, 30, was held on the Chester County Prison farm today charged with the fatal stabbing of her husband, Raymond Lawrence Gray, 34, Saturday.

Mrs. Gray was arrested at relatives' in nearby Parksburg brought here and given a hearing Sunday. The hearing, on a murder charge, was continued until next Friday.

Gray died at Chester County hospital Saturday where he was taken for treatment of knife wounds. His wife, who accompanied him to the hospital, walked out while he underwent emergency surgery.

Police said Mrs. Gray admitted quarreling with her husband.

## 106 Japanese Die In Severe Floods

TOKYO (AP)

At least 106 Japanese are dead and 31 missing as a result of disastrous rains which triggered floods and landslides in central and western Japan over the weekend.

Police said at least 24,000 persons were homeless and at least 219 injured.

The rain measured 5 to 13 inches along the coast.

Shimane prefecture, 400 miles west of Tokyo, was hardest hit.

## GOP PRESSES EARLY ACTION ON VOTE ISSUE

By THE ASSOCIATED PRESS

HARRISBURG (AP)

Pennsylvania Republican leaders reportedly are pressing for another special session of the legislature to reapportion the General Assembly for the second time in less than a year.

The Democratic legislative leadership endorsed the idea Sunday but for entirely different reasons than their GOP colleagues.

Gov. Scranton, meanwhile, has taken a noncommittal stance on the subject for the present.

Reports out of San Francisco this past weekend, where the GOP national convention came to a close, had the state Republican leaders fearful of what effect Sen. Barry Goldwater's candidacy could have on the party's legislative candidates.

### FEAR DEMOCRATIC LEAD

The leaders are represented as being of the opinion that the Democrats could win control of the state assembly with Goldwater's conservative views directing the national presidential campaign.

One high-ranking but unidentified senator was quoted in the Philadelphia Bulletin as saying "We'd better reapportion the state while we still have control of both Houses, rather than have the Democrats do it for us next January."

Meanwhile, Senate Majority Leader James S. Berger declined to comment, saying he had "no information whatsoever" on the action.

House Majority Leader Kenneth B. Lee said he would be opposed to a special reapportionment session this year.

Majority Whip Edwin D. Eshleman, however, said he would favor a session this year because there would be too much legislation before the regular meeting next year to give reapportionment the attention it deserves.

Senate President Pro Tempore M. Harvey Taylor, who lost a bid for re-election in the April primary, could not be reached for comment.

Neither could House Speaker W. Stuart Helm, who forsook a re-election campaign to become the GOP candidate for auditor general in November.

scientists plan more sophisticated nuclear detection satellites to follow a pair maneuvered into patrol positions 65,000 miles above the earth over the weekend.

Sentry Satellite No. 2 was jockeyed into position Sunday when a radio signal from the ground shifted it out of a great elliptical orbit onto a circular path in which the high and low points are about the same.

A companion satellite was fired into a similar orbit Friday night. The twin watchdogs are traveling about 100,000 miles apart as they scan more than 200 million miles of space in search of illicit nuclear explosions.

### PLAN NETWORK

The sentries are forerunners of a network of operational stations intended to police the limited nuclear test ban treaty. The treaty, signed last year by more than 100 nations, forbids nuclear testing in the atmosphere, under water and in space.

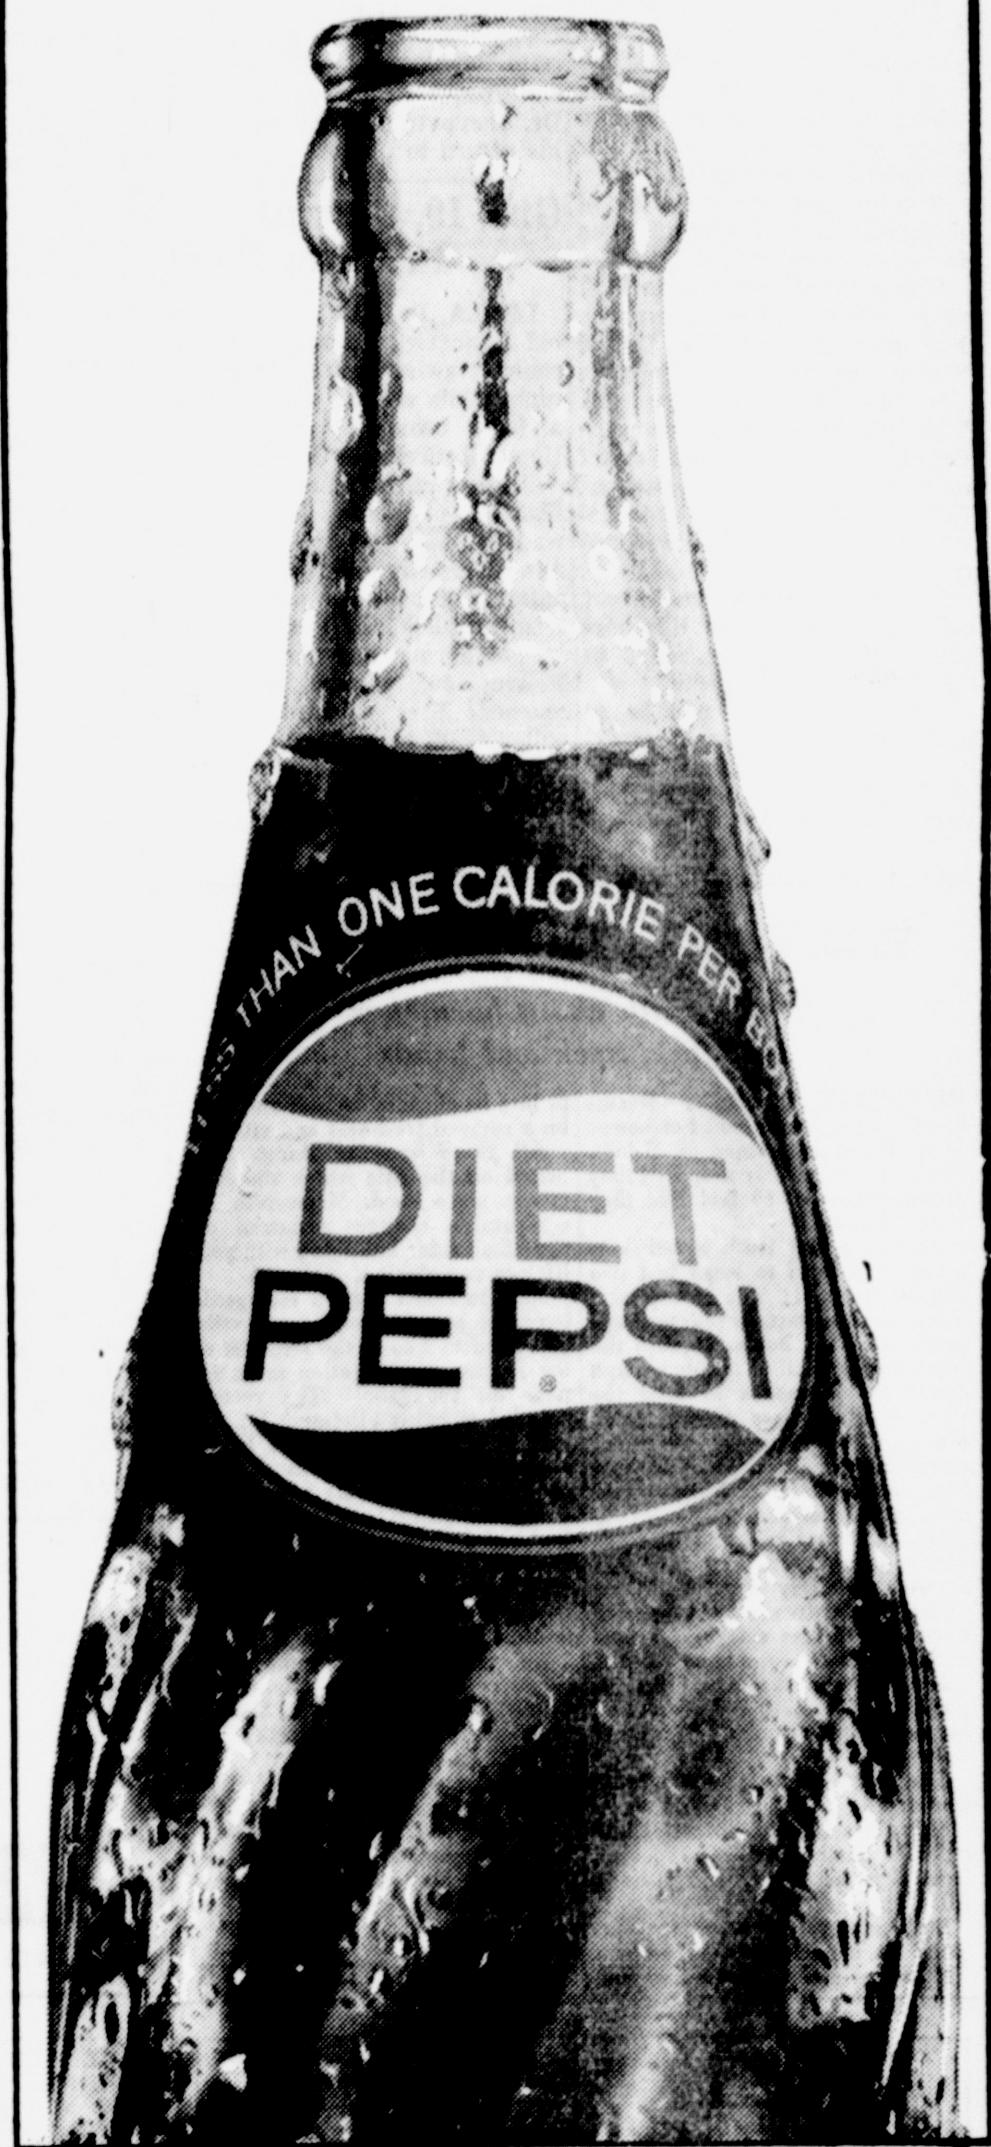

The satellites were in a bundle of three launched from Cape Kennedy Friday by a single Atlas-Agena rocket. The third satellite, a 4.5-pound "pygmy," continues on the elliptical course ranging from 120 to 65,000 miles high. It is measuring electrons in the Van Allen radiation belt.

The sentries joined two others orbited in a similar triple shot last October.

# Deficit Not Expected To Jeopardize U.S. Dollar

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—The U.S. dollar is so healthy right now that international bankers seem confident it will take in stride some bad news being readied in Washington.

The deficit in U.S. international payments has turned sour again after looking unusually good in the first months of this year. When large enough, the deficit is a potential threat to the nation's gold reserves, but already the U.S. Treasury is moving to ward off any new drain.

And the dollar's strong comeback last year has decimated the ranks of foreign doubters who caused runs on gold in former years.

For all 1963, had second quarter and all, the deficit was \$3.3 billion. Money sent abroad by government and private sources exceeded incoming money by that amount. The deficit, disturbing though it was, still was smaller than in several previous years.

The figures the government is preparing are for the second quarter of 1964. The jump in the deficit will compare sadly with the first quarter results when it dropped to an annual rate of \$724 million.

ADDED FACTORS  
The deficit usually is smaller in the first part of the year. This year there were some added and transient factors: sale of wheat to the Russians, and a spurt of incoming capital for short-term investments here.

The big jump in the outflow of dollars from April through June is laid to many things.

The general increase in U.S. prosperity meant more imports. For several years the United States has had a comfortable surplus of exports over imports.

This has helped hold down the deficit caused by the outflow of dollars for other things such as foreign aid, travel, private investment abroad, military bases over seas.

Recently the rise in import volume has cut down this surplus a bit, and hence added to the deficit.

The U.S. Treasury now is reported seeking to renew its arrangement with the International Monetary Fund, which otherwise would expire Wednesday, to borrow up to \$500 million in

## HONEYMOONS IN NEW YORK

NEW YORK (AP)—The honeymoon charm of a big city, where the nationally known can mix unnoticed with the crowds, has brought Dr. Samuel Sheppard and his bride to New York City.

The 40-year-old convicted wife-murderer and the German-born divorcee he met and wooed in a transatlantic correspondence from prison, flew in from Chicago Monday and checked into a Fifth Avenue hotel. They were married Saturday.

Soon after their arrival, the Sheppards faced a battery of newsmen and photographers and spoke of the 1954 bludgeoning slaying of Sheppard's first wife—Marilyn.

The length of their holiday was uncertain, however.

There hung a threat of his return to an Ohio penitentiary where he served almost nine years of a life term before his release last week on order of a federal judge who ruled that he had not been given a fair trial.

The U.S. Court of Appeals in Ohio Wednesday will hear a state request for cancellation of Dr. Sheppard's \$10,000 bond and his return to prison.

## Girl, 19, Drowns In Farm Pond

LEOLA, Pa. (AP)—A 19-year-old Lancaster County girl who couldn't swim drowned Monday night while wading in a pond on a farm owned by the Landis Home Retirement Community.

The victim, Anna Mary Charles, of Leola R. 1, was wading with a friend, Mrs. Anna Mae Graybill, 42, and apparently got too far out.

David Glick, the tenant farmer, got a rope and his brother, Melvin, 20, waded out and reached Miss Charles. David pulled them to shore.

Dr. Gilbert Clime, Lancaster County coroner, pronounced Miss Charles dead of accidental drowning.

# GOLDWATER MAY ASK PACT WITH JOHNSON

By WALTER R. MEARS  
WASHINGTON (AP)—Sen. Barry Goldwater is considering a call to President Johnson—the man he hopes to oust from the White House—for a campaign pact aimed at keeping civil rights tensions “a completely quiet question.”

The Republican presidential nominee said he doesn't want the campaign ahead to inflame “this tension that exists,” and added one way of easing it would be stricter enforcement of laws guaranteeing the right to vote.

At the White House, press secretary George Reedy said Johnson “would not do anything to incite or inflame tensions” during the presidential campaign. He said Johnson would give serious consideration to a meeting with Goldwater if the Republican nominee formally proposes one.

SURPRISE CONFERENCE  
Goldwater said he would “ponder” making the formal call.

The Arizona senator talked about civil rights at a surprise news conference in Chicago Monday as he headed for a Washington homecoming soured by the jeers of self-styled American Nazis.

Their chants of “We Want Rockwell”—George Lincoln Rockwell, leader of the American Nazi party—interrupted Goldwater's appearance on the rostrum at an outdoor rally at Washington National Airport.

One of the group said they were protesting what he called Goldwater's “liberal record.”

HIS PARTING SHOT  
The senator's parting shot: “They can have Rockwell or anybody else they want. I'll take my chances with the majority of Americans who are Americans.”

At a news conference in a Chicago airport lounge, Goldwater said he wants to keep the explosive side of the civil rights question out of the presidential campaign.

“I don't want to see any words of mine or anyone connected with me touch anything off,” he said. “I'm not going to inject this issue and I don't think he (Johnson) is.”

“Let's give this law a chance to work,” Goldwater said of the new civil rights measure he opposed in the Senate.

## Plane Crash-Lands 56 Escape Injury

CHARLOTTE, N.C. (AP)—All 51 passengers and crew of five escaped injury Monday night when an Eastern Air Lines DC-7B from Atlanta crash-landed at Charlotte's Municipal Airport.

Airport officials said the plane's two left engines failed to reverse, a procedure used to slow the craft, and the nose wheel collapsed as the plane veered to the right at 60 miles per hour.

The plane went off the runway and nosed down a five-foot embankment.

All 56 persons aboard scrambled to safety but were drenched by a sudden cloudburst. The passengers were transferred to Flight 746 for Cleveland.

## School Bd. Prexy Quits At Chester

CHESTER, Pa. (AP)—Mrs. Frances P. Donahoe, president of the Chester School Board, has submitted her written resignation, citing “compelling family and personal reasons.”

On June 22, she and Dr. Morris Peckerman, another board member, had walked out of a budget meeting, telling the board they would resign.

The board Monday named Floyd J. Kraft, its vice president, to fill Mrs. Donahoe's unexpired second term.

The board has been involved in a dispute with local civil rights organizations that allege de facto segregation in Chester's public schools. Some of the civil rights demonstrations earlier this year flared into violence.

A block of Washington's barracks-like “temporary” federal office buildings was demolished to make way for the Smithsonian Institution's new Museum of History and Technology.

## STAN LAUREL IS STRICKEN

HOLLYWOOD (AP)—Stan Laurel, 73, the surviving member of the all-time great comedy team of Laurel and Hardy, lies ill today in a hospital from a diabetic attack.

He has been there since last Thursday—and no one is supposed to know about it. But somehow, 1,000 letters a day have come to the hospital from Laurel and Hardy aficionados.

“Stanley is amazed that people are so concerned,” said a close friend. “Every nurse and doctor in the hospital finds some excuse to come in his room, just to talk with him. It's amazing, the love his fans have for this great comedian.”

DENY ADMISSION  
West Valley Baptist Hospital in nearby Encino won't even admit that the English-born comedian is a patient.

“We have no one here by that name,” hospital attendants say tersely.

But Laurel himself, via the close friend, leaked the word so that he could publicly thank the thousands who have written him.

“I don't know how people found out,” the friend quoted Laurel, “but tell them all thanks.”

In their prime, Laurel and Hardy had a fan club in Europe that numbered more than two million members. His former partner, Oliver Hardy, died in 1957.

## NEGRO WILL HEAD COUNCIL

By STEPHENS BROENING  
CAMBRIDGE, Md. (AP)—Charles Cornish, a man bypassed when other Negroes were making a frontal assault on racial barriers in Cambridge, was elected City Council president Monday night.

The five-man council reorganized after last Tuesday's sharply contested municipal elections which hinged on the town's recent history of troubled race relations.

The council split 3-2 on his selection.

The two who opposed Cornish were elected last week after campaigning against equal accommodation laws — federal, state or local.

Cornish, the council's only Negro, enlisted the support of Leon Majors, who voted for a city public accommodations provision last year, and Cecil Webster, newly elected and considered a moderate on the racial question.

Cornish, who will be 66 next month, has served on the council for 18 years.

## Jim Fitzsimmons To Be 90 Thursday

NEW YORK (AP)—At an age when most folks prefer a rocking chair Sunny Jim Fitzsimmons will observe his 90th birthday Thursday by going to the races.

Recognized as one of the world's most famous horse trainers, despite his retirement last year, Mr. Fitz will be honor guest at Nonmouth Park in Oceanport, N.J.

He started his career as a water boy at the old Sheepshead Bay track in 1885. He had indifferent success as a jockey before gaining international fame as a trainer for the Belair Stud and Wheatley Stables.

He has won just about every famous stake with such horses as Gallant Fox, Omaha, Fairlane, Isolator, Johnstown, Vanagrany, Fighting Fox, Nashua and Bold Ruler.

## Charge Man With Illegal Gun Sales

CHICAGO (AP)—U.S. Treasury agents have arrested an ex-convict and charged him with the illegal sale of guns. They said they believed he has sold 1,500 revolvers in Chicago this year.

In custody is Willie E. Ingram, 23, charged with interstate traffic in firearms without having a federal tax stamp.

Federal investigators, who seized Ingram Monday when he tried to accept delivery of a shipment of 22-caliber revolvers, said he had been buying the German-made guns for \$9 and peddling them for \$16.

MAJOR CRIMES INCREASE IN PENNSYLVANIA

WASHINGTON (AP)—Major crimes in Pennsylvania increased by 11 per cent in 1963, compared with a 10.2 per cent rise in the nation as a whole, the Federal Bureau of Investigation reported Monday.

The Pennsylvania total of 87,652 crimes compared with a 1962 total of 79,681, the FBI's uniform crime reports showed.

While offenses under the categories of murder and nonnegligent manslaughter and forcible rape decreased slightly, the state showed increases in the categories of robbery, aggravated assault, burglary, larceny and auto theft.

MURDER, MANSLAUGHTER

Crimes of murder and non-negligent manslaughter in Pennsylvania during 1963 totaled 265, or 2.3 cases per 100,000 population. This compared with 307 in 1962, or 2.7 cases per 100,000. Forcible rape cases went down from 897 to 881.

Robbery offenses were up from 4,424 to 4,655; aggravated assault increased from 5,550 cases to 6,150; burglary cases went up from 36,958 to 39,724; larceny (\$50 and over) jumped to 18,044 from 16,258; and auto theft was up to 17,933 cases from 15,278.

The area reporting the most crimes was the five county Philadelphia area, which included Bucks, Chester, Delaware, Montgomery as well as Philadelphia and Burlington, Camden and Gloucester counties in neighboring New Jersey. This populous area reported 47,154 offenses in 1963, with some 20,000 of them burglary cases.

PITTSBURGH AREA

The Pittsburgh area, including Allegheny, Beaver, Washington and Westmoreland counties reported 22,304 cases.

In the counties surrounding Allentown, Bethlehem and Easton (Lehigh and Northampton counties, Pa., and Warren County, N.J.), there were 2,883 cases reported.

Harrisburg, including Cumberland, Dauphin and Perry counties, reported 2,542 offenses.

Reading (Berks County) reported 1,530 offenses; Scranton (Lackawanna County) 1,465; Wilkes-Barre-Hazleton (Luzerne County) 1,296; York (York and Adams counties) 1,474; Lancaster (Lancaster County) 727; Johnstown (Cambria and Somerset counties) 706; and Altoona 639.

Susquehanna County was included in the Binghamton, N.Y., area (Broome and Tioga counties, N.Y.) and reported a total of 1,352 offenses.

The Wilmington, Del., area, including New Castle County, Del.; Salem County, N. J.; and Cecil County, Md., reported 5,421 cases.

In all areas, burglaries were the most numerous of the offenses.

SCOUT LEADER

VALEY FORGE, Pa. (AP)—Assistant Scoutmaster Allen D. McCullough, 58, of Fairmont, W.Va., suffered a fatal heart attack Monday at the Boy Scout jamboree.

He was stricken while hiking with a group of Scouts, including his 14-year-old son, William.

McCullough also leaves his wife, Alice; another son, Tom, 18, and a daughter, Mrs. Judy Deegan, of Corpus Christi.

Says Church Must Be "Extroverted"

READING, Pa. (AP)—A Philadelphia author has told the fifth quadrennial general convention of the Evangelical United Brethren Church that "instead of being introverted, the church must become extroverted."

Robert Rains, author of "New Life in the Church," delivered a principal address to the convention Monday.

He said: "We must become concerned with the world in which we exist. Total rebirth can come to the church only as all of us become a part of the total witness of the church to God's purpose."

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP)—"Life is a battle," said Robert Horton, "and if you don't fight it a little bit every day, you fall behind."

"And that means the next day you have to multiply your effort."

Horton, starring in a Broadway musical, is one of the most serious young actors in show business.

The big, raw-boned, red-haired performer is a planner, a dreamer and a gambler.

PRESENT PLANS

He also likes to have a lot of strings to his bow. Right now he is readying a night club act, expects to follow it with another musical next year. Then, if things go according to plan, he'd like to return to television.

"I have found that if I planned a goal and worked toward it, the plan usually worked out," said Horton, who started acting as an undergraduate at the University of Miami.

"The only time it didn't was when I was in motion pictures. After making several films I was dropped by my studio. For a year I couldn't get anything. I couldn't even get arrested."

"That was a big shock to me. I got hold of myself and started planning again. I decided I wanted to be able to perform in as many fields of show business as possible."

SUMMER STOCK

Until five years ago Horton had never sung professionally. A brief singing role in summer stock led him, with the encouragement of his wife, to take voice lessons.

His moment of doubt came when producers offered him another long-term contract in a television series. The money was enough to guarantee him financial security for life. But he turned it down.

"I would have had it made—but I don't want to have it made," he said. "That's disastrous. I just want to go on making it."

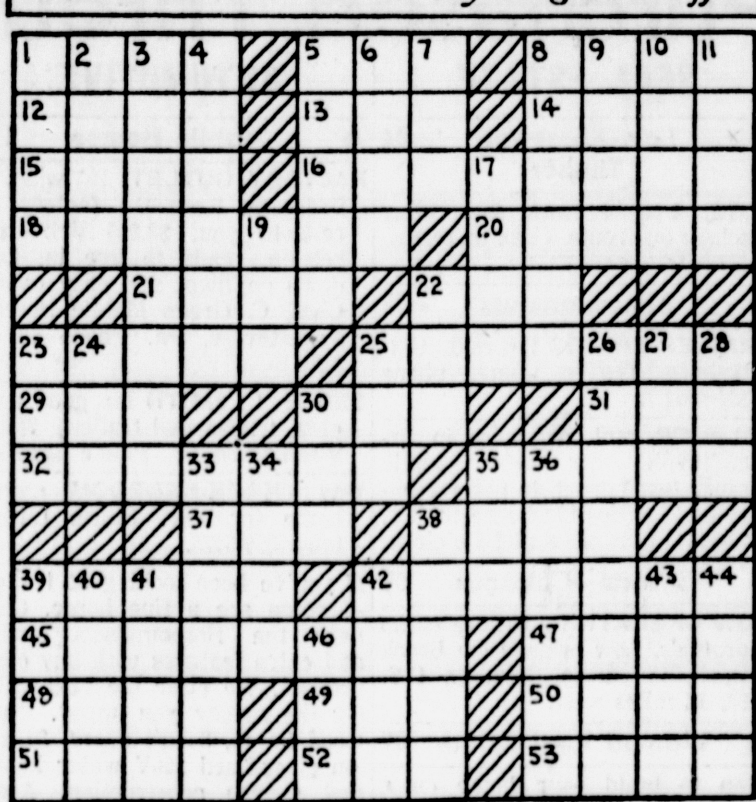

He is looking forward as eagerly as a beginner to his first night club tour.

"I'm still as enthusiastic about this business as I was when I was a sophomore in college," he remarked. "It's nice to earn your living in the way you want to."

ing his 14-year-old son, William.

McCullough also leaves his wife, Alice; another son, Tom, 18, and a daughter, Mrs. Judy Deegan, of Corpus Christi.

TOKYO (AP)—American and Japanese officials are investigating a shooting which the Americans hope won't mushroom into another Girard case.

The U.S. Marines said Pfc. Manuel A. Covarrubias of Wapato, Wash., killed a 45-year-old Japanese woman, Yuki Katsumata, with a shotgun blast at Camp Fuji north of Tokyo. The Marine was on sentry duty.

The Marine press office said Covarrubias saw the woman coming out of a tent before dawn in the middle of the camp. It said he challenged her three times in English and again in Japanese, then fired when she did not halt.

Accounts in the Japanese press questioned whether it had been necessary to shoot the woman. American Minister John K. Emmerson called on Vice Foreign Minister Takio Oda to express regret.

The incident recalled the 1957 case of U.S. Army Specialist William F. Girard which set off a furor in Japan and in Congress.

A group of Japanese scrap collectors had trespassed onto a U.S. firing range. Girard inserted an empty cartridge backwards in the muzzle of his rifle, pulled the trigger and killed a Japanese woman.

Although the United States had jurisdiction over the case, Girard was turned over to a Japanese court to quiet the public outburst and tried on a manslaughter charge. The Japanese court gave him a suspended three-year sentence.

JERUSALEM, Israeli Sector (AP)—Israel has denied reports that it lost a jet plane in an air battle with Egypt and suffered six casualties in a border clash with Syria Sunday.

In Cairo a military spokesman said four French-built Mirage Israeli jets were intercepted on a reconnaissance flight near Alexandria by Egyptian fighters. He said one Israeli plane was shot down and a second hit.

An Israeli army spokesman called the Egyptian claim "a complete invention."

In Damascus, a Syrian army spokesman claimed six Israelis were killed or wounded in a 30-minute battle north of the Sea of Galilee. The Israeli spokesman confirmed the clash but denied the casualties.

KUCHING, Malaysia (AP)—A band of about 50 Indonesian guerrillas fled back across the border to Indonesia Sunday after a British platoon repulsed their attack.

FBI REPORTS BIG INCREASE IN CRIME RATE

WASHINGTON (AP)—More than 2.5 million serious crimes—four a minute—were reported in 1963 as the national crime rate continued a relentless climb, the Federal Bureau of Investigation reported Monday.

The 10 per cent increase and a high percentage of criminal repeaters prompted Director J. Edgar Hoover to renew his call against what he called excessive leniency which tends to "ignore the victim and obscure the right of a free society to equal protection under the law."

Crime has increased five times faster than the national population since 1958, the FBI said in its annual report. Hoover said the cost of crime now is conservatively estimated at \$27 billion annually.

MURDER EVERY HOUR

In 1963, there was a murder every hour, a forcible rape every 32 minutes and an assault every four minutes.

Crimes against property were primarily responsible for the crime rate increase, jumping by 11 per cent.

Murders and rapes mounted by 1 per cent, assaults 6, larceny 13, auto theft 11, burglary 9 and robbery 5.

The FBI statistics showed that:—The crime increase was sharpest in the Northeastern states—13 per cent—and lowest in the North-Central states at 6 per cent.

—The value of stolen property in 1963 exceeded \$785 million. Police recoveries cut the property loss to 46 cents per dollar.

—The year brought 8,500 murders, 91 per cent solved by arrests.

People in The News

HOLLYWOOD (AP)—Christine Kaufmann, 19-year-old wife of actor Tony Curtis, gave birth to a 6-pound, 13-ounce girl Sunday at Cedars of Lebanon Hospital.

The baby is the couple's first. She was named Alexandra Theodora Dido Curtis.

Curtis, 39, and Miss Kaufmann, a German actress, married in February 1963.

NEW YORK (AP)—James A. Farley says he thinks President Johnson's chances of winning in November have been improved by the nomination of Sen. Barry Goldwater as the Republican candidate.

Farley, former national Democratic chairman, said in a local radio interview that Johnson might do better than President Franklin D. Roosevelt did in 1932 when he carried 42 of 48 states against Herbert Hoover.

A Lovelier You

By MARY SUE MILLER

A LOVELY'S HANDS. It behooves a lovely to give some thought to the grace of her hands. The graceful hand is attractive in itself and, what's more, it speaks of attractive traits—of serenity, poise and unobtrusive efficiency.

The big secret of graceful hands is relaxed control. Unless the hands are relaxed, they are bound to be clumsy. Tension causes the fingers and wrists to move in fits and starts. Those movements, in turn, are responsible for a generally inept "all thumbs" performance. The dropped teacup and fumbled handshake, for instance!

For reducing tension the routine below is infallible. Actresses, models and public speakers use it to keep their gestures flexible and "see-worthy."

1. Sit at a table, and place hands flat on it. Tap fingers in turn, raising each as high as possible and lowering each with equal force. Repeat five times, always working for increased speed and rhythm.

2. Rest elbows on table and raise to shoulder level. Make tight fists and then stretch fingers wide apart; slowly touch each fingertip to thumb; let hands go limp. Three times.

3. Hold hands in front of chest and repeatedly shake them—hard.

If you perform before a mirror, you will see at once how practice achieves nimble movement. Not immediately apparent is another plus. The routine firms the skin and muscles. This keeps young hands young and stays aging for mature hands.

LOVELIER HANDS

Do you have a hand problem? Send today for LOVELIER HANDS, a booklet that covers every step in a quest for hand beauty. It tells how to keep the skin and nails groomed; how to overcome weak nails, polish chips, discolored knuckles, prominent veins, wrinkles; how to use the hands with poised grace. To obtain your copy, write Mary Sue Miller, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a large, self-addressed, stamped envelope and 20 cents in coin.
